CAPT. FARLEY NOMINATED.

Meeting Convention of Republicans at the City Hall.

FULL CITY TICKET NAMED.

A Few of the Old Council Nominated for the New Council.

PROCEEDINGS OF THE MEETING.

The Republicans of Paducah met in mass convention at the city hall this afternoon to nominate a candidate for mayor, city prosecuting attorney, judge of the police court, city marshal, councilmen and school trustees.

At 2 o'clock, the time for calling the convention to order, the city court room, in which the meeting was held, was completely filled.

Mr. J. W. Cosby, chairman of the city committee, rapped the convention to order, and stated the purpose of the meeting, and that the selection of a permanent chairman and secretary was the first thing in order.

Mr. F. M. Fisher was chosen permanent chairman. He thanked the convention, and stated that it was a pleasure to preside over a Republican convention, and that it was the largest convention he had seen in twenty years. He said he hoped everybody would be ready, at the close of the convention, to pull off his coat and work for the good of the party. He said that the Republican party was now in better shape than ever before.

John Moore, colored, was chosen secretary.

On motion the chair was authorized to appoint a committee of five on resolutions. The chair appointed Messrs. J. J. Dorian, George Gunderman, Frank Sayre, Elder George Burke and George Harvey the committee. They retired to draft resolutions.

Passenger Car for St. Louis. Double berth chair rates, 75 cents.

For city prosecuting attorney Mr. Hensley Harris was nominated by Mr. E. E. Bell, Mr. J. W. Cosby named Mr. J. H. Ford.

Mr. Harris received the nomination by a large majority.

COUNCILMEN.

Then nominated Capt. John E. Williamson.

Mr. Cliff Arnett nominated Mr. John J. Clark.

Mr. J. W. Cosby nominated Fred Kamleiter.

Mr. Harry Snow nominated Mr. M. Livingston.

The chairman then said the most practicable way to determine the result was to vacate the hall, place tellers at the doors and tally as they entered.

At the request of the three respective gentlemen, the names of Messrs. J. J. Clark, Fred Kamleiter and M. Livingston were withdrawn, leaving only two candidates, Capt. Farley and Capt. Williamson.

The hall was vacated.

The tellers were Capt. J. R. Smith, Mr. J. W. Cosby, Frank Sayre and Harry Snow. It required some time for the crowd to file in, and the result announced was: Farley 121; Williamson 80.

Capt. Williamson moved that the nomination be made unanimous, seconded by Mr. W. A. Kelley. It prevailed.

CITY JUDGE.

The nomination of a candidate for city judge was next in order.

Mr. M. Livingston nominated Mr. E. W. Pratt, whose nomination was made unanimous.

CITY MARSHAL.

For city marshal Mr. B. F. Johnson nominated Mr. J. A. James.

The nomination was made unanimous.

PROSECUTING ATTORNEY.

For city prosecuting attorney Mr. Hensley Harris was nominated by Mr. E. E. Bell, Mr. J. W. Cosby named Mr. J. H. Ford.

Mr. Harris received the nomination by a large majority.

COUNCILMEN.

The nomination of councilmen followed. It was decided to nominate by ward, two at a time.

For the first ward Messrs. E. E. Bell and W. G. White were nominated. Mr. Williamson was named but requested that his name be withdrawn, which request was complied with.

Rev. G. W. Dupee insisted that Capt. Williamson remain in the council. Capt. Williamson's name was withdrawn. Messrs. White and Bell were declared nominated.

In the Second ward Mr. H. C. Allison and George Bernhard were nominated. Mr. Livingston was nominated, but declined, saying he had served two years and was tired and that he made another race he would simply get sued for a divorce. His name was withdrawn, but that of Mr. George E. Barnes, the present incumbent, was submitted.

Some dissension here arose in regard how to determine the will of the convention, the house being completely crowded.

Messrs. Bernhard and Allison were nominated.

Third ward—Messrs. Oscar Starkes and William Borneman were nominated.

Fourth ward—Messrs. Louis F. Kolb, Jr., and T. P. Carter were named. Capt. Smith was named, but declined, as did Mr. E. B. Davidson. Mr. Kamleiter was also nominated, but declined, saying he was going to move from the ward. Capt. Carter and Mr. Kolb were nominated.

Fifth ward—Messrs. Chris. Liebel, Jake Ziegler and John Dipple were nominated. Mr. Dipple's name was withdrawn after one or two were nominated.

Sixth ward—Messrs. John Rinckhoff and J. T. Quares were named but Mr. F. W. Katterjohn stated he was authorized to say that Mr. Rinckhoff would not run. Mr. George Schlesinger, Jr., was substituted, and he and Mr. Quarles were nominated.

Seventh ward—Messrs. W. A. Laurence and Rev. G. W. Dupree were nominated. Rev. Dupree said he had his hands full and had them full for fifty years, and could not extend his territory. His name was withdrawn. Messrs. Robt. Nelson and Henry Weil were named. Mr. Lawrence was nominated.

Fourth ward—Mr. E. B. Davidson and Mr. John J. Lehrer were nominated, and Mr. Dawson was nominated.

Fifth ward—Mr. H. D. Baldwin was nominated without opposition.

Sixth ward—Mr. Louis J. Petter Mr. J. M. Perkins and Mr. Frank Meyer were named. Mr. Petter was nominated.

The business of the convention was over after Chairman Fisher had declared the nominees the choice of the Republican party of Paducah in mass convention assembled and the city committee had been empowered to fill any vacancies that might occur hereafter in the ticket.

Capt. Farley was called and at press time was addressing the convention, just previous to its adjournment.

He spent two years making a topographical survey of the Yukon and Klondyke country for the United States government, and says he has yet to see a man who lived in the country two years and kept his health. The heat of the summer days, he says, is worse than the frightfully cold winters.

MAY HANG UP.

The Senate May Refuse to Confirm Powderly's Appointment.

Washington, July 20.—The Senate committee on immigration attempted to secure a meeting today to consider the nomination of Hon. T. V. Powderly to be commissioner of immigration but failed to obtain a quorum.

The meeting developed the fact that confirmation will be opposed by some senators on the ground that Powderly's appointment is distasteful to the labor element.

Another attempt will be made to take up the nomination tomorrow.

ANNOUNCEMENTS:

The Sun is authorized to announce

J. A. JAMES

As a candidate for Marshal of the City of Paducah, Ky., subject to the action of the Republican Convention.

The Sun is authorized to announce

HENSLY L. HARRIS

As a candidate for City Prosecuting Attorney, subject to the action of the Republican party.

The Sun is authorized to announce

J. T. BEAN

As a candidate for Constable in the Sixth Magisterial district, subject to the action of the Republican party.

Have you ever tried to imagine how Paducah would look with her electric wires of all kinds under ground? That is where they ought to be.

WHAT A tame affair the morning Giascetus would be if it could not cavor around about the Sun and the alleged Republican scrap.

Done the "News" mean that the free silver Republicans and the sound money Democrats in Paducah will fuse, or was that paper just joking?

Times may be hard in Paducah, but the street car companies and the crowds that visit the parks every night, bespeak a happy and contented people.

ALASKA cost the United States about \$7,000,000. But that is now a mere bagatelle in comparison with her vast deposits of gold and other mineral wealth.

PROF. ANDREE has started, so it is said, for the North Pole. But it is barely possible that he may stop at the Alaska gold fields. A good claim there now would be worth more than the North Pole itself.

The campaign for the municipal election here this fall will not be a mud-slinging campaign, though the attitude of one of Paducah's papers would lead one to that belief. The ticket nominated today will be a clean ticket and the campaign will be fought out on business principles.

THIS thing of discovering gold is becoming almost monotonous. The latest gold mine to be opened to the world in Pennsylvania, the land of petroleum and coal. And with the announcement of this latest discovery comes that of a silver mine in Roanoke county, Virginia. Nature is evidently about to try her hand on the gold and silver question.

THE appointment of the currency commission that the President asks for in his message to congress today, is but the first step in the fulfillment of an important campaign pledge. It is generally believed that our currency laws are susceptible of a change for the better, and that this currency commission will be able to suggest a new and better currency system.

PADUCAH can easily attract a population of 40,000 people in the next ten years, if she devotes her attention to manufacturing. We have our railroads and both are enlarging their interests here. We have our wholesale trade, that rivals Louisville, Memphis and St. Louis. These have made Paducah. The natural advantages that have fostered our wholesale trade, will do as much for any manufacturing interests that we may have. Paducah's motto should be, "More Factories."

THE COMING CAMPAIGN. The nomination of a city ticket this afternoon by the Republican party marks the beginning of the municipal campaign, though the hard work will not necessarily begin at once. This campaign, as far as the Sun and the Republicans are concerned will be a clean one. The Democrats will have evinced the same determination, ex-

cept the morning "Register," which has gone far out of its way to display its vile and filthy instincts.

The question before the people is that of selecting the best municipal ticket. In deciding which ticket will best manage the city's affairs, the attitude of the candidate upon certain questions of public import will doubtless be discussed. Paducah is just entering upon the most important part of her history; the next few years will determine her rank among the cities of the South. Much can be done by a liberal and energetic city government. What the city will need above all will be a strictly business council.

As far as the Sun is concerned, mud-slinging will not be a part of the campaign. That will be relegated to the "Register," which is a past master in that art.

In this campaign that paper will have the peculiar distinction of being Paducah's blatherskite sheet. It has already earned the title.

GO TO SCHOOL, SONNY.

On Monday the Sun made the following statement in the course of an article:

"I expect to reach the Spanish court at San Sebastian between the 20th of August and the 1st of September," Gen. Woodford said today, after coming from the White House.

"I have no doubt," he added, "that everything will be done that will make my stay pleasant and healthful to both governments."

The reception of Minister Woodford at San Sebastian means that he will begin negotiations to end the war in Cuba immediately upon his arrival. The Minister was welcomed with Assistant Secretary Day some time at the State Department today. Then he went to the White House and had a half hour's talk with the President. It is not probable that he will return to Washington before sailing. His instructions are complete. En route to Spain he will stop in London and Paris for brief consultations with Ambassadors Hay and Porter. About these stops Gen. Woodford declined to talk. It is supposed that he will give the Ambassador some information as to his instructions and the diplomatic work he is to undertake. The advantage of having the American Embassies at London and Paris informed of what is to be attempted at Madrid is apparent.

Gen. Woodford left in fine spirits. He is much more hopeful of accomplishing favorable results than he was when he began to study the Cuban question. The administration is confident. All of the recent information from official and other sources encourages the belief that the efforts of the United States will be aided by intense anxiety of the part of Spain and of all elements in Cuba to see the end of the war brought to a close. When Gen. Woodford entered upon his preparations for this mission it appeared that months of difficult diplomatic effort would be required to bring Spain to the acceptance of the good offices of this government. Now there are indications that a few weeks will show the effects of Minister Woodford's representations. Until recently it seemed as if there might be considerable difficulty in bringing the insurgents to accept anything but independence, but conditions are changing so rapidly on the island that it is now thought a basis can be found upon which all will accept peace. When the President begins to work upon a Cuban policy the outlook was dark. It is now bright for success.

What has become of all the railroad knights of the quill? Mileage, especially, whose spicy and original names are missed very much—is he dead or married? Of course these are synonymous terms.

The I. C. officials can't be headed off, for J. T. H. sleeps with one eye open. The company is laying in a large supply of coal, anticipating a coal famine. We have no Josephs or Egypts, but a Moses No. 2.

The post office matter at Mayfield, according to the "Mirror," is still in statu quo. According to reports one of the applicants, Mr. O. B. Happy, agreed to withdraw his application in favor of Mr. L. W. Key, on condition of procuring a better job. Mr. Happy telegraphed his willingness for his application to be withdrawn, but the President has not sent Mr. Key's name to the Senate yet. Some think Mr. Happy may get the office after all.

The home of Rev. J. C. Shelton, south of town a few miles, is getting up a reputation as a Greta Green, says the Mayfield "Mirror." He has married four couples in the past two weeks, which were semi-slopements. He says he is ready at all times, except Sunday, to perform these blissful rites and guarantee satisfaction, if the parties will live up to the vows they take. Last week he married John Flood and Miss Chester, and James Stephens and Mrs. Cox, all of whom live in town.

DR. W. R. Ruble, says the Mayfield "Mirror," who was recently appointed on the board of pension examiners here, was relieved of his commission last week. He received a letter from H. C. Evans, commissioner of pensions, requesting him to turn the papers over to Dr. Taylor, another member of the board. It is understood Dr. Landrum will succeed him. Dr. Ruble don't know why he was turned out, but supposes it is because he belongs to the wrong faction of his party.

Conductor J. C. Michie will wear a long face for the next thirty days. Please don't ask me why, he wears such a dejected look right on the eve of so much "prosperity," for he will be taxed to meet his barbers bills as they will have to increase the price.

Flagman M. Wilson says he has set the pace and any old bachelor can trot it "just as easy." All that is necessary is to keep the local orphans accomplished by leading a life that is true to his nature.

Conductor Frank Wheeler can now be found in the little red caboose behind the train on 155 and 172. The brass button Cons. are all back at their posts, which reduces Frank and Chippy to the high ball runs.

Conductor Will Foster made an extra run up to Atoka last week from Grenada, Miss. Seems real mean to keep him away down there when all that is near and dear to him is on this line. (See Romans 8:28.) You'll have regular runs up here before long if all suspicions are true.

Conductor Ed McCutchen has been circulating for the past few days a petition among his weather friends protesting against so much rain, as there are rumors of war in almost every other nation on the globe, our country is at peace with all the world, and the moments of re-

gret are those with the sturdy, good people of the nation allow themselves to retrospect with reference to "the Stuffed Prophet of Princeton."

TO END THE CUBAN WAR.

Early Presentation of Minister Woodford at San Sebastián Significant.

Administration Confident That Peace Will Soon be Concluded —Vast Importance of the New Minister's Mission.

Washington, July 20.—Minister Woodford is to be presented to the Queen at San Sebastian. An intimation that this courtesy will be extended has reached Washington. It possesses considerable significance. Under ordinary circumstances the new minister would not be received until the court returns to Madrid. That will be in October. But for the courtesy to be extended in this case Minister Woodford would remain unrecognized two months after his arrival in Spain and Minister Taylor would continue to discharge the duties of the representative of the United States.

The attendance at the teachers' institute at the high school building today has been large.

The settlement in a contemporary that the institute adjourned last night was an error. It will remain in session throughout the entire week.

The programs are very interesting.

Appointed Postmaster at Murray, Ky.

The End of a Hotly Contested Fa-

cational Fight.

Mr. J. M. Cole was yesterday ap-

pointed postmaster at Murray, Cal-

laway county, Ky.

The postoffice fight at Murray was

very warm, perhaps equally as much

so as the one at Benton. J. W.

Cole was appointed postmaster at

Benton, Ky., several days ago,

and it was expected that J. M. Cole

would receive the appointment at

Murray.

"SQUIRE SEEDFUL"

Learns Something New of City

Customs.

"What's them ropes fur?" inquired "Squire Seedful" of Haytown, or vicinity, at Third and Broadway this morning as he pointed to the cordon that barred the passage on the newly completed square of level street. The rope was put there to keep wagons off the thoroughfare until it becomes cemented.

"Why, we're going to have a

dance there tonight," spoke up a

neighboring wag, perceiving that you

could hear the yodel's verdancy

with a cheese knife. Those ropes are stretched there to keep the street smooth."

"Gosh," grinned the greenhorn,

"I th'n't you town fellers had dem

better places than them sort for

your set down-abouts!"

"We have," explained the wag,

"but this is the biggest dance of

the season, and it takes a whole street

and three brass bands to get it up right."

"I'd shore like ter shake down at

er," observed the astonished old fellow, as he thoughtfully scanned

the level expanse of street, "fer

urned of I havn't seen 'em in lots

with three brass bands to keep 'em moving!" Say, podner, will them

bands all play the same tune?"

President Einstein said this morn-

ing that despite the dropping out of

Terre Haute and Washington, the

League was by no means yet dis-

organized, and would not be until

it was ascertained whether or not the

three franchises held by Washington,

Terre Haute and Evansville

were to be disbanded.

President Einstein called a meet-

ing of the Paducah association for

1 o'clock this afternoon, and it will

be determined what will be done.
